The club stood first among the state clubs at the last annual meeting, and the work it had done last year. The club is now at work to put a graded library into the Piggott school.

SEARCY. Ark.—Dr. H. C. Jones, who represented the county in the legislature of 1902 and 1903, and thrown his hat in the ring and is a candidate for representative of White county.

POLE OFFICIALS HELD BLAMELESS IN RIOTS

Slaughter of Jews Not Pogroms, Says British Mission.

LONDON, July 12.—The report of the mission headed by Sir Stuart Samuel, which was sent by the British government last September to investigate conditions in Poland has been published with a covering letter by Sir H. Lambold. It deals largely with the treatment of Jews, which the report says is being "gradually mitigated" and "will abate when peace has been restored and the presence of foreigners in their country will shame the Poles into more civilized treatment of their near neighbors."

The report declares massacre of Jews in Poland were not pogroms, or state-supervised and authorized slaughters, but were manifestations popular animosity on the part of ignorant and misled in many instances by men of education. In many cases the report says the police participated in acts of aggression.

Sir H. Lambold's covering letter says that, had as the condition of the Jews in Poland may have been, it may still be it is far better than that in surrounding countries.

Unless all information on the point is entirely inaccurate, he said, "the massacre of Jews by the Poles and their hands can find their extent and thoroughness to parallel except in the massacre of Armenians in Turkey."

By Justice Holden:
BISHOP. AS MUCH TRUTH IN SCIENCE

LONDON, July 12.—American bishops attending the Lambeth conference of the Episcopal church convened yesterday in many London churches yesterday.

Eight Rev. William Crane Gray, bishop of the missionary district of Southern Florida, who preached at Chelsea, spoke inspiringly of the work of the church. He said nearly 200 bishops who were "trying to deal with the world's problems" felt they were inadequate for the job, and added "the world's apostasy is thinking the same."

Dr. Gray said he felt the Episcopal church should meet "Christian Scientists" and "extract the truth from their doctrine, for there is much truth in it."

By Justice Holden:
MARRIAGES

PINE BLUFF, Ark.—Miss Mary Poddehuff, daughter of Mr. and Mrs. William Poddehuff, and Edward Mahaffey, of Memphis, were married in Little Rock Wednesday by the Rev. P. C. Fletcher, pastor of First Methodist church.

After a visit to the bridegroom's parents at Booneville, Miss., the couple will make their home in Memphis.

HUNTINGTON. Tenn.—Jason Anderson, of Westport, and Mrs. Bessie Green, of Huntington, were married on Friday at the courthouse, the ceremony being performed by the Rev. J. H. Hurt, who lives in the Westport community, and the bride is a daughter of Mr. and Mrs. E. B. Foster, of Huntington.

HUNTINGTON. Tenn.—News has been received here of the marriage of Clarendon Kirk, who formerly lived on Route 7, near Huntington, and Miss Flora Hill, daughter of Mr. and Mrs. Dick Hill, of Hollow Rock, which took place at Fort Worth, Texas, several days ago. The bridegroom saw service in France during the world war as a member of the 10th Tennessee.

After he was discharged at the close of the war he enlisted in the medical department of the United States army and is stationed at Fort Worth. His bride, an attractive young lady, left here some time ago to visit in Fort Worth, and the marriage followed.

NEWPORT. Ark.—Roy L. Umsted, of this city, and Miss Ernel East, of Booneville, Ark., were married at the home of the bride's parents in that city. The bride has been a member of the high school faculty of Newport for two years.

TUTWILER. Miss W. C. Craddock, an employee of the Y. & M. V. railroad here, has returned from Searcy, Miss., where she was married to Miss Lucille Burkette, of that city. They will make their home here.

SEARCY. Ark.—Miss Inez Mitchell and E. L. O'Quinn, both of Searcy, were married Wednesday at Rogers by the Rev. W. L. Oliver, brother of the bridegroom. Mr. and Mrs. O'Quinn will spend their honeymoon in Europe after which they will be at home at Searcy.

TOLEDO, O., July 12.—After having been stuck in the mud in Maumee Bay all night, the passenger steamer State of Ohio was released this morning and towed into Toledo. The boat, with few passengers aboard, was bound for Cleveland, having left port here at 11 o'clock last night. The passengers were removed and brought to Toledo during the night.

CITY WILL CONSIDER FIXING TAX RATE

On first reading the ordinance fixing the city tax rate for the year and adoption of the budgets for the various departments of the city will constitute the principal business before Tuesday.

Mayor Paine has stated that he is desirous of having any taxpayers interested in the matter to appear before the board on Tuesday and make any comment they see fit as to the amounts desired to be appropriated for the several departments.

"If any taxpayer desires to do so we would be glad to have them show us if we are giving and department of the city more money than they should have, or any other comment that they may have as to the financial plan for the city for the year."

There is one item in the budget which is of particular interest and that is \$77,000 to be set aside as a nucleus for a sinking fund. We are short one million dollars on the sinking fund that previous administration have never set aside and we are putting this amount in the budget in order that Memphis may be able to take care of its indebtedness when the time comes."

FOUR JURORS IN MURDER TRIAL

Only four jurors had been secured at noon Monday in the trial of Arthur Hines and Jim Wilson, charged with the slaying of a man, as a result of the killing on June 15 of B. E. Rogers, at Rosemark, Tenn.

Rogers, a prominent farmer of Rosemark, was lured from his home on the pretext that one of his cows was mired in a bog. His body was found late that afternoon near a branch that ran across his farm. He had been beaten into unconsciousness. The dead of the body was later found in Memphis to a hospital.

The negroes were arrested by the sheriff, forced a little later and each of the two negroes accused the other of having struck the blow that caused Rogers' death.

Samuel O. Bates, attorney-general, said Monday that he expected to submit the remainder of the jury during the afternoon and testimony in the case will begin Tuesday morning.

M'KELLAR NAMED PARTY TO LAW SUIT

Reciting in his petition that United States Senator K. D. McKellar, as owner of property which he rented, and the Memphis Gas and Electric company were negligent in that they allowed the wiring in the house to be defective, and failed to repair same, Jesse Ashley, through his attorney, W. C. Rodgers, asks the sum of \$1,912 as damages for loss of the contents of a house on Lucy avenue, which burned because of the defective wiring.

The suit was filed in circuit court with the Gas and Electric company and K. D. McKellar as joint defendants.

La-may Face Powder
is Guaranteed
Pure and Harmless.

Pure face powder cannot injure the most delicate baby skin. The trouble is, too many powders are made in the old-fashioned way, with rice powder. Rice powder is starchy, and, like bread flour, it is quickly turned into a gluey paste by the moisture of the skin. This paste clogs the cuticle, swells in the pores, causing enlarged pores, blackheads and pimples. A specialist makes a harmless powder by using an ingredient doctors prescribe to heal the skin. Every time you apply this improved powder you give your complexion a real beauty treatment. There is a thousand-dollar guarantee of purity printed on the box, certifying it does not contain white lead, rice powder or any harmful substance. This guaranteed pure powder is called La-may (French, Poudre d'Amé). Because it is pure and harmless, La-may is now used by over a million American women; it is now the most popular complexion powder sold in New York. Women who have used even the most expensive face powders say they can not buy a better powder than La-may anywhere at any price. There is also a La-may Talcum that prevents the soiling of perspiration.

DESCHANEL FAILS TO RECOVER QUICKLY

Establishment of Vice-Presidency Discussed.

PARIS, July 12.—The state of President Deschanel's health has revived talk in the parliamentary lobbies of the necessity of taking measures to meet the possibility of a prolonged inability of the president through illness to discharge the duties of his office.

Immediately after the accident which befell the president recently it was proposed to create the office of vice-president, which does not exist under the French constitution, but the idea was abandoned as President Deschanel's period of convalescence then seemed likely to be short.

This basis has not been realized, however, and the parliamentarians are again discussing the situation, which would arise if the president were forced to remain long absent from Paris, especially at a time when so many important questions of foreign policy are under discussion. If an ad interim presidency were entrusted to a vice-president it would necessitate the meeting of the national assembly in joint session in the senate chamber at Versailles, just as if President Deschanel had resigned.

Among the names mentioned in the lobby as possibilities for vice-president are those of Premier Millerand, Leon Bourgeois, Charles Jonnart, Charles P. Georges, Leger and Gen. de Castelnau.

POLITICIANS BARRED FROM WORLD COURT

THE HAGUE, July 12.—The following decision has been reached on selection of judges for the permanent court of international justice by the conference of jurists appointed to draft a plan for the court.

The names of judges on the permanent court of international justice must not be assigned to any one discharging political duties, whether national or international. No one who is a member of a government or a representative of a government or a member of the league of nations should at the same time be a judge of the court. The selection of judges should be made by the council and assembly of the league of nations, to which also was assigned the duty of filling any vacancies which might arise. Judges would be appointed for a term of nine years, as would those chosen to fill vacancies.

To Overcome Redness, Tan, Freckles, Blotches

If your skin is unduly reddened, tanned or freckled, just dab a little pure mercuric oxide on the face and allow to remain overnight. When you wash off the wax in the morning, fine, flaky, invisible particles of oxide will come with it. Repeating this daily, the entire outer skin is absorbed, but so gradually and gently, there's not a slight hurt or inconvenience. Even the stubborn freckles are affected. The underlying skin forms the new complexion is so clear, fresh and youthful-looking, you'll marvel at the transformation. The oxide actually discards an aged, faded, muddy or blotchy complexion. One ounce of mercuric oxide, procurable at any drug store, is sufficient in most cases, adv.
